Descending from the foundation Blackbird selected at Thomas Angus Ranch in Oregon in 1980, this "Missouri Blackbird" rises to the top of many multi-trait sorts. She ranks in the top 4% of proven dams for WW EPD, the top 15% for Milk, the top 3% for YW, the top 2% for IMF, top 25% for UREA, and the top 6% for UPRP. Her four natural calves balance a birth ratio of 96 with weaning and yearling ratios of 110. Her first daughter sold to Grandview Womack, and she's produced several herd sire sons including SYDGEN ON THE MARK, co-owned with Vision Angus, and SYDGEN ROCKY ROAD, co-owned with Mike Kasten. From our most proven, multi-generational cow family noted for slick hair and heat/fescue tolerance, 6028 is also a prolific embryo producer.
