**Selling a flush to the bull of the buyer's choice.**

Selected by SydGen and Slagle Angus as the \$48,500 top-selling pair of the historic Woodlawn Dispersion, 211 ranks well into the top 1% of current dams for WW, Milk, YW, and \$F. With her first natural calf being the \$52,500 2005 National Western Bull Sale top-seller Woodlawn Charge On, this flush offers the opportunity to get in on the ground floor of the progeny of this promising young herd bull producer who combines two of the greatest cow families ever developed in Montana.

**WOODLAWN CHARGE ON**

**She sells in her entirety.**

Coming to us as the top-selling pair of the 2003 Tehama Mature Cow Herd Dispersion, G360 already has a proven son ranking in the top 20 for \$B on the young sire summary. A daughter was the top-selling female in our 2004 sale at \$18,000 to Fox Run Farms, and another daughter was the top-selling fall pair of the 2004 Signature Collection. Maternal brothers to G360 were the three top-selling bulls in the 2004 Tehama Bull Sale, including the \$42,000 Tehama Blackcap Revolution. We think G360 combines maternal traits with ultrasound values as well as any female in the breed today.
