

Create Your Tomorrows . . .

A.I. sire selection is your opportunity to add the genetics that will mold the future of your program. These three, well-proven sires offer breed-leading genetic values in multiple traits to help you create your tomorrows . . .

SAF CONNECTION

- Owned with Paul's Angus, Edwall, WA, and Van Nice Angus, Hanna, OK.
- Highly proven fertility, disposition and calving ease in this phenotypically well-balanced sire.
- One of the breed's most proven sires for timed AI breeding, he has achieved as high as 79% conception rate for this relatively new technology.
- Daughter produced the 2007 National Western Grand Champion Female as her first calf, and a son was the \$39,000 top-selling bull in the 2006 SydGen Production Sale.
- Ranks in the top 10% for SC, the top 2% for CED (at .82 accuracy), and the top 1% on the \$W index.
- Priced at \$16 per straw. Certificates \$40.

SAF DIRECTIVE

- Owned with Big Dry Angus Ranch, Jordan, MT.
- Maternal brother to Connection, he is also proven superior in timed AI breeding trials.
- Daughters show excellent maternal traits and udder quality, with one recently named 2007 Missouri Angus Futurity Grand Champion Female and selling one-half interest for \$24,000.
- His top 1% ranking on the \$W index, top 4% on \$F and top 10% on \$B, along with Scrotal and Milk EPDs in the top 5% of proven sires prove he is a sire that can move your genetics forward on several traits simultaneously.
- Ranks in the top 4% of the breed for WEPD and YEPD, yet with a CED in the top third of proven sires.
- Priced at \$16 per straw. Certificates \$40.
