

Create Your Tomorrows ...

at our 29th Annual Production Sale
November 17, 2007

Reg. No. +13569349

The anchor female for this year's sale offering, and one of the many 2000 model females slated for this year's event, this top daughter of SAF Neutron has a progeny record of 4 BR-99, 4 WR-113, 2 YR-110, and 41 progeny scanned with an average IMF ratio of 105.

Offered in our 2002 sale as the featured Buyer's Choice, Three Trees Ranch chose her maternal sister at \$62,000, then took the option to share embryos on both females, and she produced a \$35,000 daughter in that program as well as several replacement females.

At SydGen, her progeny include our 2005 Lot 1 bull, SydGen OnStar 3217, sire of the top-selling bull at Midland 2007 and the \$8,500 SydGen High Prime 4477, as well as daughters at \$17,000, \$8,500, \$7,500, and \$5,000.

0182 offers a solid embryo production record and will sell open and ready to flush, in her entirety, on November 17, 2007.

Coming to us as the top-selling pair from the historic Woodlawn Farms dispersion at Creston, IL, this thick-made, moderate-framed 5175 daughter is the dam of the \$52,500 Woodlawn Charge On and the \$12,000 Black Woodlawn 2.0.

We will be offering progeny sired by GAR Retail Product, SydGen 1407 Corona 2016, and Connealy Lead On.

Several progeny of her son, the powerful growth sire Woodlawn Charge On, will also be featured.

WOODLAWN CHARGE ON

Semen and AI certificates always available on SydGen Sires

Woodlawn Charge On	\$25
SydGen 1407 Corona 2016	\$20
