EPDs as of 5/21/10

4087 is powerful in her phenotype and her performance.

She produced SydGen CC&7 as her first natural calf. CC&7 dominated the 2006 SydGen bull calf crop and topped our 2006 sale at \$39,000 for half interest and full possession to Hoover Angus Farm, Tingley, IA.

4087 currently ranks in the top 1% of current dams for WW, YW and \$B; the top 2% for Scrotal, \$W, \$F and \$G; the top 4% for Milk and Marbling; and the top 10% for REA and Fat EPDs. Six daughters are retained, with several ET pregnancies due this fall. Due September 30, 2010, to Basin King U127. More details will be available later.

## SydGen CC&7

Perhaps the breed's most popular and widely-used sire in 2010, CC&7 records the No. 1 Docility EPD in the Angus breed and ranks in the top 1% of proven sires for YW, REA and \$B.

SydGen Mobile 9054

This son of SydGen Forever Lady 4087 sired by SydGen Turbo was the \$11,500 third high-selling bull calf in our record-setting 2009 sale, behind two direct sons of CC&7. Co-owned with Ken Haas, LaGrange, WY.

**SydGen Forever Lady 4087 will be one of more than 500 head offered on November 20, 2010, in the 32nd Annual SydGen Production Sale.**
