

The Finest Products of the Breeding Art will sell on November 19, 2011!

These four females have a strong presence in the Angus breed, as well as our herd. Their influence will be strongly felt on November 19.

Two exceptional herd bull producing donors will headline the sale offering this year. The dams of the \$60,000 SydGen Sure Bet and SydGen Mandate 6079, a leading semen seller in the ORigen/ABS marketing network, will both be featured in this event. Check the previous two issues of *Angus Journal*® for more information.

The highest-selling half-interest female in the history of our production sales, this dam of the breed's Number 1 Docility sire, SydGen CC&7, is well represented in the offering, with two sons and one daughter sired by the popular SydGen Mandate 6079. We will sell buyer's choice of two long yearling sons by DAAR Infinity 313, both of whom were used naturally here, as well as a fall yearling brother. Infinity is one of the breed's highest \$B sires, with a pedigree unique from the other current leaders. A granddaughter of 4087 by Trust and a grandson by Contact will also be offered.

SydGen CC&7

The dam of the popular \$53,333 SydGen DOC 9017 in our 2009 Sale, she offers an outcross pedigree to many programs, and adds valuable fleshing ability and maternal characteristics to her offspring. A son and a daughter by the rare and valuable SydGen Contact 2063 will be offered, as well as the first progeny of DOC himself.

SydGen DOC 9017

This now-deceased former member of the donor team carries rankings in the top 1% of current dams for Docility and \$B, and leaves a strong legacy for udder quality. Selling several progeny of her popular son, SydGen Turbo 6684, as well as progeny of SydGen Storm 8504 and SydGen Diamond 8499, her sons by Contact. Another Contact son, SydGen Jaguar 9368, will also be represented by fall-born progeny and cows re-bred.

SydGen Turbo 6684

4413's first son, SydGen Trust 6228, has earned a superb EPD profile, and was the heaviest used sire at SydGen for the last year. We will offer sons of 4413 by CC&7 and SydGen Determination BDE. A son of 4413 from last year's offering, SydGen Dealer 9883, has also seen extensive use this year.

SydGen Trust 6228
