There will be three more heifers to choose from, besides these listed here, that do not have genomics back yet. They are a Rock Star x SydGen Primrose 2689, a Denver x SydGen Forever Lady 2764, and a Black Pearl x EXAR Rita 1885.

If the selection is made by December 8, buyer also gets the recipient dam. If the selection is made after that point, we will raise the heifer to weaning time, in mid-May, but buyer does not receiver the recipient dam.
