

# Looking Forward to November 23! 41<sup>st</sup> Annual Production Sale At the farm • Mexico, MO

**SydGen Enhance**

Leading off our 50-head bred heifer division will be this January 2018 daughter of SydGen Enhance, currently the Number 1 \$Combination Sire on the Main Sire Summary. 8060 is our Number 1 \$B bred heifer and offers the kind of multi-trait excellence Enhance is known for. Her maternal great-grandam was selected as the pick of the entire Generic Genetics 2007 calf crop at Ida Grove, IA. She is due on January 14 with a heifer calf by Bakers Northside 6007. Northside progeny will be a highlight of this offering and he currently records a \$Combined Index of +335.

**SydGen Dixie Erica 8060**

\$B	+216
\$C	+339

Progeny from ten different SydGen Sires that record \$Combined Indexes of +317 or higher will be included in the offering that will total about 500 head of registered Angus of all ages.

Sale book will be included in the November issue of *Angus Journal*®.

Many of the breed's top AI sires are graduates of this program.

**SydGen Resolve 7132**

Close to 70 fall pairs will be offered, and this up-and-coming young donor, pictured just a few days before calving this fall, will be one of the tops. She is the dam of the \$18,000 SydGen Resolve 7132 at ST Genetics, Brandt Angus Farm and High Point Genetics. Her sire, the record-selling SydGen FATE 2800, is the Number 2 highly proven sire (.90 accuracy WW) on the \$B index. Has a September 7 bull calf by SydGen Black Diamond 2769, one of the all-time high-performing bulls ever produced at SydGen.
