

Multi-Trait Excellence

SydGen Forever Lady 4087

The dam of CC&7 and Googol, and the record-selling female in SydGen history with an \$85,000 valuation. She is co-owned with Indian Springs Angus, Duck River, TN.

Lady Ida of Ellston G180

The top-selling female in the 2010 Hoover Angus sale, this CC&7 daughter has developed into a top young three-year-old.

CC&7 has been one of the most popular young sires in the breed, ranking fourth for registrations in fiscal year 2012, and sire of top-selling progeny from coast to coast. Breeders love his docile, good-uddered daughters, and his thick, long-bodied, gentle sons are always in demand. His proof is now backed by nearly 6,000 progeny weaned and more than 2,700 progeny scanned. As of this writing, and at his accuracy level for each trait, he is THE breed leader for Heifer Pregnancy, Docility and Milk EPDs. Additionally, he ranks in the top 1% of proven sires for REA and \$YG, the top 5% for \$B, the top 10% for YW and \$W, and the top third for BW and Scrotal, all while maintaining a Yearling Height EPD just over breed average. CC&7 sustained an injury that required surgery, and semen production was curtailed for quite some time. We were able to build a decent bank again this past spring, and will maintain the new \$30 price as long as possible, but the bull has been retired from stud and is back home at Tingley, IA. Semen \$30
