

# in tribute to a **Grand Dam**

**Riverbend ISA New Day Y157**

**SydGen Forever Lady 4087**

January 10, 2004 — March 20, 2014

Seldom has a cow produced herd bulls with the prepotency that 4087 has, and her breeding ability is well-documented by the direct progeny pictured here. Her combination of docility and power is very rarely found. From the time her very first calf, SydGen CC&7, topped the 2006 SydGen Production Sale and went on to become one of the breed's most legendary sires of Docility, Muscle and Milk, she has consistently produced sale toppers. She herself is the highest-valued female ever at SydGen, where half-interest sold for \$42,500 to Indian Springs Angus, Duck River, TN. She enjoyed "favorite cow" status right up until her untimely death.
