

# Rancher APPROVED

With his mass, performance and durability, AIM may be the outcross calving-ease sire you've been looking for. His sire, SydGen 928 Destination 5420, has posted an outstanding record, and his cow family was developed at Gartner-Denowh Angus Ranch, and brought to SydGen in 1993. His dam, SydGen Blackbird Lady 1059, is also the dam of SydGen Survivor 7651, a longtime herd sire here. At 13 years of age, she remains a strong fixture in our donor program, with several progeny exported as embryos to Sterita Park in Australia.

AIM ranks in the top 10% of proven sires for both BW and YW EPDs, with a top 5% ranking for \$W, which we expect to be his long-term strength. Selected by Springvale Ranch, Hot Springs, MT, in our 2010 Production Sale, AIM was very popular with cattlemen on the 2012 Montana Angus Tour. Semen available at \$18

Semen on these and other SydGen sires can be ordered direct from us at 573-581-1225, with volume discounts available on most sires, and free shipping on orders more than \$500. All sires referenced on this page can be accessed through the ORigen network, including most independent semen distributors, and more information can be found at [www.origenbeef.org](http://www.origenbeef.org) and at [www.sydgen.com](http://www.sydgen.com), where EPDs are updated weekly. Sires with CSS semen available can also be accessed through representatives of ABS Global.

Call the farm office at 573-581-1225 for information on how these sires would work in your program.
