

Looking forward to: November 19!

Featured in a Buyer's Choice Lot will be this exquisite daughter of SydGen Contact. She ranks first for REA, second for \$B and YW, and third for HP EPD of all Contact daughters in production. She is the dam of the fifth high-selling bull calf in our fall production sale, the \$14,000 SydGen Omaha 5026 to Amonett Farms, Byrdstown, TN. After the sale, Omaha went on to record the Number 1 adj. 365-day-weight of all the January bull calves, at 1,634 lbs. In our Spring SydGen Influence Sale, a son of 1120 by SydGen 5420 Destination 1315 was one of the most sought-after yearlings, bringing \$12,250 as the second high-seller of the day to Mike Jewett, Windsor, MO. Another son is being used here, co-owned with Keller Farms, Shelbina, MO. Her progeny record to date includes 3 BR-103, 3 WR-110, 3 YR-110, 4 IMF-105 and 4 REA-109. 1120 has produced 20 transferable embryos in four flushes, and is due in late September to the service of the \$120,000-valuation SydGen Rock Star 3461.

One of the many top donors offered will be this maternal sister to ALC Big Eye D09N, who ranks in the top 1% of current dams for CW and \$B, the top 2% for YW, top 4% for WW and RADG, and the top 10% for HP, Milk and \$W. Coming to us as the featured winter heifer calf of the Whitestone-Krebs 2010 Female Sale, she has posted a solid production record, with 3 BR-105, 3 WR-107 and 3 YR-106, with 4 progeny scanned at 100 for IMF and REA. A son, SydGen Sizzle, was co-top-selling bull in our 2015 Production Sale at \$30,000 for half-interest and full possession to Hoover Angus, Tingley, IA. Other sons have sold to Tucker Angus in Indiana, and Mershon Farms and Condren Farms in Missouri. One daughter sold to Ashley Brown, Hamilton, MO. 9719 has been flushed one time conventionally, producing 8 transferable embryos. One aspiration produced 12 freezable IVF embryos. A strong heifer calf by SydGen Touchstone 3525 will sell, and she is rebred to EXAR Stud 4658B, then exposed to SydGen Multi Tool 2432.

As always, our annual production sale will offer a "virtual dispersion" of our seven-year-old cows, along with some featured younger cows, such as these two. Bred heifers, fall open heifers, heifer calves, and close to 200 herd bull prospects will round out the offering. Call 573-581-1225 for more information.
