The Definition of Multi-Trait Excellence!

The \$60,000-valuation co-top-selling bull of our 2015 sale has now proven his value for multi-trait excellence and the \$Combined Index. He also ranks in the top 1% for Docility, RADG and \$F; the top 2% for CW; the top 3% for YW, \$G and SC; the top 4% for CED, Marbling; and the top 10% for \$M and \$W. This will be our largest offering of Enhance progeny and will include several paternal brothers and sisters as well, by SydGen Exceed 3223. Perhaps the most widely used AI sire in the breed, five half-interest daughters have sold for \$145,000 to \$310,000 this fall, at Express, Riverbend and Ankony.

22nd Annual SydGen Influence Heifer Sale

After our production sale, at about 7 pm, we will host our annual commercial heifer sale at Callaway Livestock Center at Kingdom City, MO. Several of our best customers will sell about 120 head of top commercial bred heifers.

If you sort the top 100 \$B Sires on the Main Sire Summary, 11 carry the SydGen prefix, and another is co-owned. Yet, we don't "chase" \$B any harder than we "chase" Docility EPD or Heifer Pregnancy or any other single trait. We apply intense selection pressure for all measurable traits to produce cattle that can do it all, and end-product merit is certainly a part of that equation. We think that will become very apparent as the influence of \$C grows.

Selling:

60 Bull Calves	90 Fall Yearling Heifers
108 Fall Yearling Bulls	44 Spring Heifer Calves
68 Fall Pairs	53 Spring Bred Heifers
32 Spring Calving Cows	1 Herd Bull
3 Embryo Lots
