This maternal sister to last year's \$50,000 top-selling fall yearling heifer is one of our very best daughters of **SYDGEN ENHANCE**. Her dam, Black Gold Fanny 4079, will also be featured, with a fall baby calf at-side by **BAKERS NORTHSIDE**. A maternal brother by her grand-sire, **SYDGEN EXCEED 3223**, will sell in the fall yearling bull division. 14 Breeding Values in the top 15% or greater make her one of our top females for multi-trait excellence.

The fall yearling heifer division has been a highlight of many of our production sales, and this year's offering will include several unique breeding pieces such as those pictured here on August 1.

SydGen Forever Lady 7665

-3	+3.2	+77	+149	+1.04	+27	+11.1	+4	+26

SydGen Forever Lady 7665 is the Number 1 \$B-Valued daughter of the \$170,000-valuation **SYDGEN FATE 2800** in the Angus breed. Her dam is by **SYDGEN DEALER 9883** out of a "WHISKEY" daughter. Of all sires in the breed that are at least +10 for CED at .70 accuracy or better, **FATE** is the Number 1 sire on the \$B index.

SydGen Rita 7878 is the breed's Number 2 daughter of **SYDGEN EXPRESS 3487B** for the \$B index. Her dam is one of the top **CONTACT** daughters ever at SydGen, and her sire has established a great record with a limited number of progeny. We will also feature a flush from this same cow family on **SydGen Rita 5730** Reg. No. 18465406, a powerful three-year-old daughter of **SYDGEN ROCK STAR 3461**.

SydGen Rita 7878

+5	+3.1	+80	+140	+1.69	+18	+9.3	+9	+17

A top selection of Fall Yearling Bulls, January Bull Calves, Fall Pairs, Spring Bred Cows and Heifers and Open Heifer Calves round out the offering. Please make plans to be with us on November 17 as we present the newest edition of Sydenstricker Genetics.

SydGen Joy 7593 is a strong combination of growth and both the major indexes. She is by HA Cowboy Up out of a strong young daughter of EXAR Upshot. Her grandam was a feature of our 2014 sale at \$53,000 and three flush brothers will be highlights in the fall yearling bull division.
