This top young Straight Up daughter stems from a Generic Genetics cow base and will bring to you the Number 1 adj. WW, natural January bull calf in our sale offering. A "preliminary Pathfinder" with three nursing ratios at 106, her first calf was our featured and top-selling bred heifer in our 2019 sale to Express Ranches, where she was featured as Lot 10 in the recent Big Event. She brought \$40,000 for one-half interest, and her January heifer calf by Bakers Northside 6007 sold for \$10,000. Her January calf by FATE has impressed visitors with his style, muscle, mass and correctness, and now has solidified his popularity with his performance. 6071 will not sell this year, but we expect her to be an important factor in many sales to come.
