

Looking forward to November 21!

42nd Annual Production Sale At the farm • Mexico, MO

This eye-appealing daughter of SydGen Dealer 9883 is out of a CC & 7 daughter of the 1059 cow that produced three sons used in the program here: Aim, Journey and Survivor. She stems from one of the "pick" heifers from the 2003 Gartner-Denowh heifer calf crop and ranks in the top 5% of current dams for Docility, \$B and \$C. She also records exceptional breeding values for RADG, HP and Marbling. She sells, along with her March 4 heifer calf by SydGen Appeal 7212. She has two nice daughters retained to take her place in the herd and sells due to SydGen Enhance to calve about January 23, 2021. About 20 of these spring bred cows will sell, along with their 2020 spring daughters, as several of the highlights of the Spring division. About 50 spring bred heifers will also be offered.

SydGen Blackbird Lady 3041

In the Fall division, we will offer about 60 fall pairs, including 10 two-year-olds, and more than 90 fall yearling heifers. The bull division will feature about 110 fall yearlings and 70 bull calves born in January of 2020. Progeny from thirteen different SydGen sires that rank in the top 1% of the new \$Combination (\$C) index will be offered, making this offering one of the most unique and futuristic ever.

One of the oldest daughters of SydGen Express 3487B who was slated to be the feature of our 2014 sale before his untimely death. This top young female has produced sons at \$4,250 and \$5,000, as well as a replacement daughter in the keeper pen. Her Pathfinder® dam was a feature of our 2016 Sale at \$7,750 to Alford Cattle Co., Caldwell, TX, where she quickly re-sold to Dave Eversole, Rocheport, MO; after a successful flush. She ranks in the top 1% of proven dams for \$C, \$B and RADG; the top 5% for CEM, CW and Marbling; and the top 15% for DMI, WW and YW. From a proven cow base developed at Sitz Angus Ranch, she should calve in October to SydGen Exceed 3223.
