Cattle with growth, docility, multi-trait desirability and sound structure are always the easiest to sell. Only one other sire in the breed can meet or exceed his combination of YW, Claw, Angle and \$C.

The \$240,000-valuation top-selling bull in our 2019 sale, also to Mogck & Sons, his first calves in 22 herds have done very well with their performance and ultrasound results. He made several new friends on the recent South Dakota Angus Tour and will be on display at SydGen on sale day, as his first full calf crop is featured. His dam and four maternal brothers are also featured in this sale, offering several options to acquire his breed-leading genetics. Semen \$24.

#### 24th Annual SydGen Influence Heifer Sale

After our production sale, at about 7 pm, we will host our Annual Commercial Heifer Sale at Callaway Livestock Center, Kingdom City, MO. Several of our best customers will sell about 150 head of top commercial bred heifers.

If you sort the top 100 \$C Sires on the Main Sire Summary, eight are owned by us and every one will have progeny in this offering. Generations of selection for multi-trait excellence have created cattle that can do it all, at least in the traits that are currently measurable.
