

# What Sells?

It seems to us that gentle cattle with good growth and structure and all-around EPD strength are always the easiest to sell.

If you sort all active sires with at least .75 accuracy for Weaning Weight EPD (Gavel has 162 progeny weaning records from 25 herds), there are 2,045 sires as of this writing and Gavel posts the eighth highest WW EPD of that group.

Narrowing it down to sires that rank in the top 10% for Claw and Docility, only 44 sires make the cut. Of that group, Gavel posts the Number 1 RADG EPD, the Number 2 Values for YW, SB and SC and the Number 3 Value for Marbling EPD.

That elite group of 44 sires also includes Gavel's sire, grandsire and paternal great-great-great-grandsire SAF Connection.

Proudly co-owned with Mogck & Sons, Olivet, SD and Knoll Crest Farm, Red House, VA.

### SIRING RECORD TO-DATE

- Only two sons were born at SydGen in the spring of 2020 and one of those, SydGen Bang GA 0436, was top-selling bull at the 2021 Spring SydGen Influence Sale.
- In the January, 2021 SydGen bull calf crop, Gavel sons posted the Number 1 Adj. weaning weights of both the natural calves and the ET calves and both sold as features of our November 20 offering.
- A daughter of Gavel topped the SWMO Performance Tested Sale female division for Blue Mound Angus, El Dorado Springs, MO.
- Yearlings at Gentry Homeplace Angus, King, NC were some of their top performers, including a daughter that posted their Number 1 Adj. YW and REA scan.
- His first calf crop at Mogck & Sons includes several features in their upcoming production sale on February 17.
- A son of Gavel, KCF Bennett Gavel H486, will be the Lot 1 feature of the upcoming Knoll Crest Farms Bull Sale at Red House, VA on December 3.
