

Looking Forward to November 19th!

Our "go to" sire for foot shape, growth, docility and marbling is building an impressive EPD profile. With over 500 progeny now on record, he is proving his value in herds across the country, as well as for his co-owners Mogck & Sons, Olivet, SD, and Knoll Crest Farms, Red House, VA. We will offer about 25 herd bull prospects by him in the November sale. Three of his Top 15 daughters on \$Combination will also be offered, as well as cows carrying his service, and fall-born baby calves selling with their dams.
