

# Breeder to Breeder

The exchange of breeding stock and information is an integral part of the seedstock and commercial beef herds of today.

Our goal is to give you accurate information to help you select the right cattle and AI sires from our program to help you meet your goals. SydGen is enrolled in MaternalPlus® whole herd reporting, and turned in about 16,500 weights, measures and scores in the last 12 months.

The leading sire for registrations for 2020 and 2021, and the bull that defined the SC index. One of the highest-accuracy sires available, his descendants continue to top sales around the world for their multi-trait excellence. Owned with Mogck & Sons, Olivet, SD. Now available for \$25 per unit.

For improving growth, foot shape and overall salability, no sire can do it better than Gavel. His progeny have been well-received wherever they were offered. Owned with Mogck & Sons, Olivet, SD and Knoll Crest Farm, Red House, VA. Semen available at \$30 per unit.

## Connely Cool 39L

Long admired for his strength in fertility traits and SM, Cool brings acceptable end-product merit to the table as well. His daughters have earned the trust of many top cattlemen, and are a testament to his maternal power. Owned with Big Dry Angus Ranch, Jordan, MT, and priced at only \$20 per unit.

## "Genetics on Ice"

Along with one of the nation's top bull batteries for semen sales year after year, we have grown our embryo sales with both conventional and IVF embryos always available.

Whether you're looking for quick generational-turnover with big numbers, or tried and true genetics from proven producers, we probably have something that will work for your program.

Contact Ben@sydgen.com for more information.

For more information on our herd sires and semen availability, go to [www.sydgen.com](http://www.sydgen.com) or contact us by email or by phone.

Volume discounts are available on most sires, and free shipping from ORigen, CGS or Hawkeye Breeders on orders totaling \$600 or more. AI certs are \$40 on all sires.
