

# Breeder to Breeder...

We have increased our usage of IVF technology over the years, to keep our females in production, rather than having to hold them open for conventional embryo transfer. We have a good selection of embryos out of the cows pictured below, as well as out of younger females and descendants in our program. Frozen embryos available are sired by bulls such as SydGen KCF Gavel 8361, De-Su Volunteer B122, EXAR Cover the Bases, HPCA Early Bird 65, SydGen Bonus 8084, RSA True Balance, URF Alpha G138, Bakers Northside 6007, SydGen Wake Up Call, Sitz Incentive, SydGen Enhance, Connealy Clarity, BJ Surpass, SydGen Merit 6553, SydGen Ozark and PAR Ares. Contact the farm office for a current listing.

**SYDGEN MARY BLACKBIRD 6802**

**SYDGEN ERICA 6071**

**SYDGEN BLACKBIRD 8865**

**SYDGEN FOREVER LADY 7491**

**WOODHILL BLACKBIRD G15-F083**

**SYDGEN RITA 5730**

These six young sires will be instrumental to the future of SydGen. As you study their EPD profiles, you will see many similarities.
