

Looking Forward to November 18!

45TH ANNUAL PRODUCTION SALE
NOVEMBER 18, 2023
 10 AM • AT THE FARM

Our 45th Annual Production Sale will feature some of the strongest young females ever released from the program. We were able to get early photos on a couple bred heifers to highlight the quality of this year's offering.

Gavel sons have been our most popular sire group the last two production sales since he set a record \$240,000-valuation in our 2020 event. As the first natural calf produced by 0117, this heifer ratioed 117 for WW and 118 for YW to help her earn the Number 1 EPDs for WW and YW of all 122 spring yearling heifers. She is the Number 4 Gavel daughter for YW EPD in the breed and ranks in the top 25 for SC. Her dam was selected by Greiner Angus, Kalona, IA, as the \$28,000 top-selling heifer calf in our 2020 offering and was kept at SydGen on a joint arrangement. She has been a prolific embryo producer as well, and a package of frozen embryos by Connealy Clarity will also sell. 0117's grandam is SydGen Evergreen 5005, the Black Pearl daughter chosen to represent them in the ORiGen Sire Directory, and dam of the \$28,000 SydGen Eternity 0046 to Grimmus Cattle Co. "2005" sells safe since April 14 to GB Fireball 672.

Out of 122 heifers born and retained from the spring 2022 calf crop, this heifer posted the Number 3 adj. WW to ratio 122, the Number 1 ADG at 2.88, the Number 1 adj. YW to ratio 130, the Number 1 adj. %IMF scan of 13.18% to ratio 223, and the Number 1 adj. RE of 14.2 to ratio 129. Of all the bred heifers produced here, she ranks Number 1 for SB and SC. 15,503 paternal siblings are in the AAA database, and she is the Number 5 SC Enhance daughter in the breed of any age. We believe she is the most powerful daughter of Enhance ever produced here, and sells safe in calf to Connealy Craftsman since April 4. We cannot recall any heifer dominating her calf crop as strongly as she has for both growth and ultrasound measurements.

Check www.sydgen.com for updates as we get closer to sale time. Your sale book should be included with your November Angus Journal.

As always, the sale offering will consist of just under 200 fall yearling and January 2023 bulls, and about 250 females, including open heifers, spring breds and fall pairs.
