OLD FRIENDS TO VISIT WITH AND NEW FRIENDS TO MEET!

Sorting the high-accuracy sires of the breed (.85 for YW and .65 for CW), turns up seven Sydenstricker Sires in the top 50 for SCombination. These widely-used landmark sires with multi-herd proofs add consistency and predictability to any breeding program. Descendants of SydGen Exceed 3223, SydGen FATE 2800, SydGen Black Pearl 2006, SydGen Enhance, Connealy Cool 39L, EXAR Stud 4658B and SydGen CC&7 will play a major role as the genetic base for much of this sale offering.

Several non-owned sires on this list have also been incorporated into the breeding program here through the years and will also have descendants selling. They include GB Fireball, GAR Home Town, Connealy Confidence Plus, KCF Bennett Southside, GAR Sure Fire, EXAR Monumental, GAR Quantum, B/R Destination 727-928, Deer Valley Growth Fund, E&B Plus One and EXAR Denver.
